US-based ATTCs

Established in 1993 by SAMHSA, the US-based ATTCs:

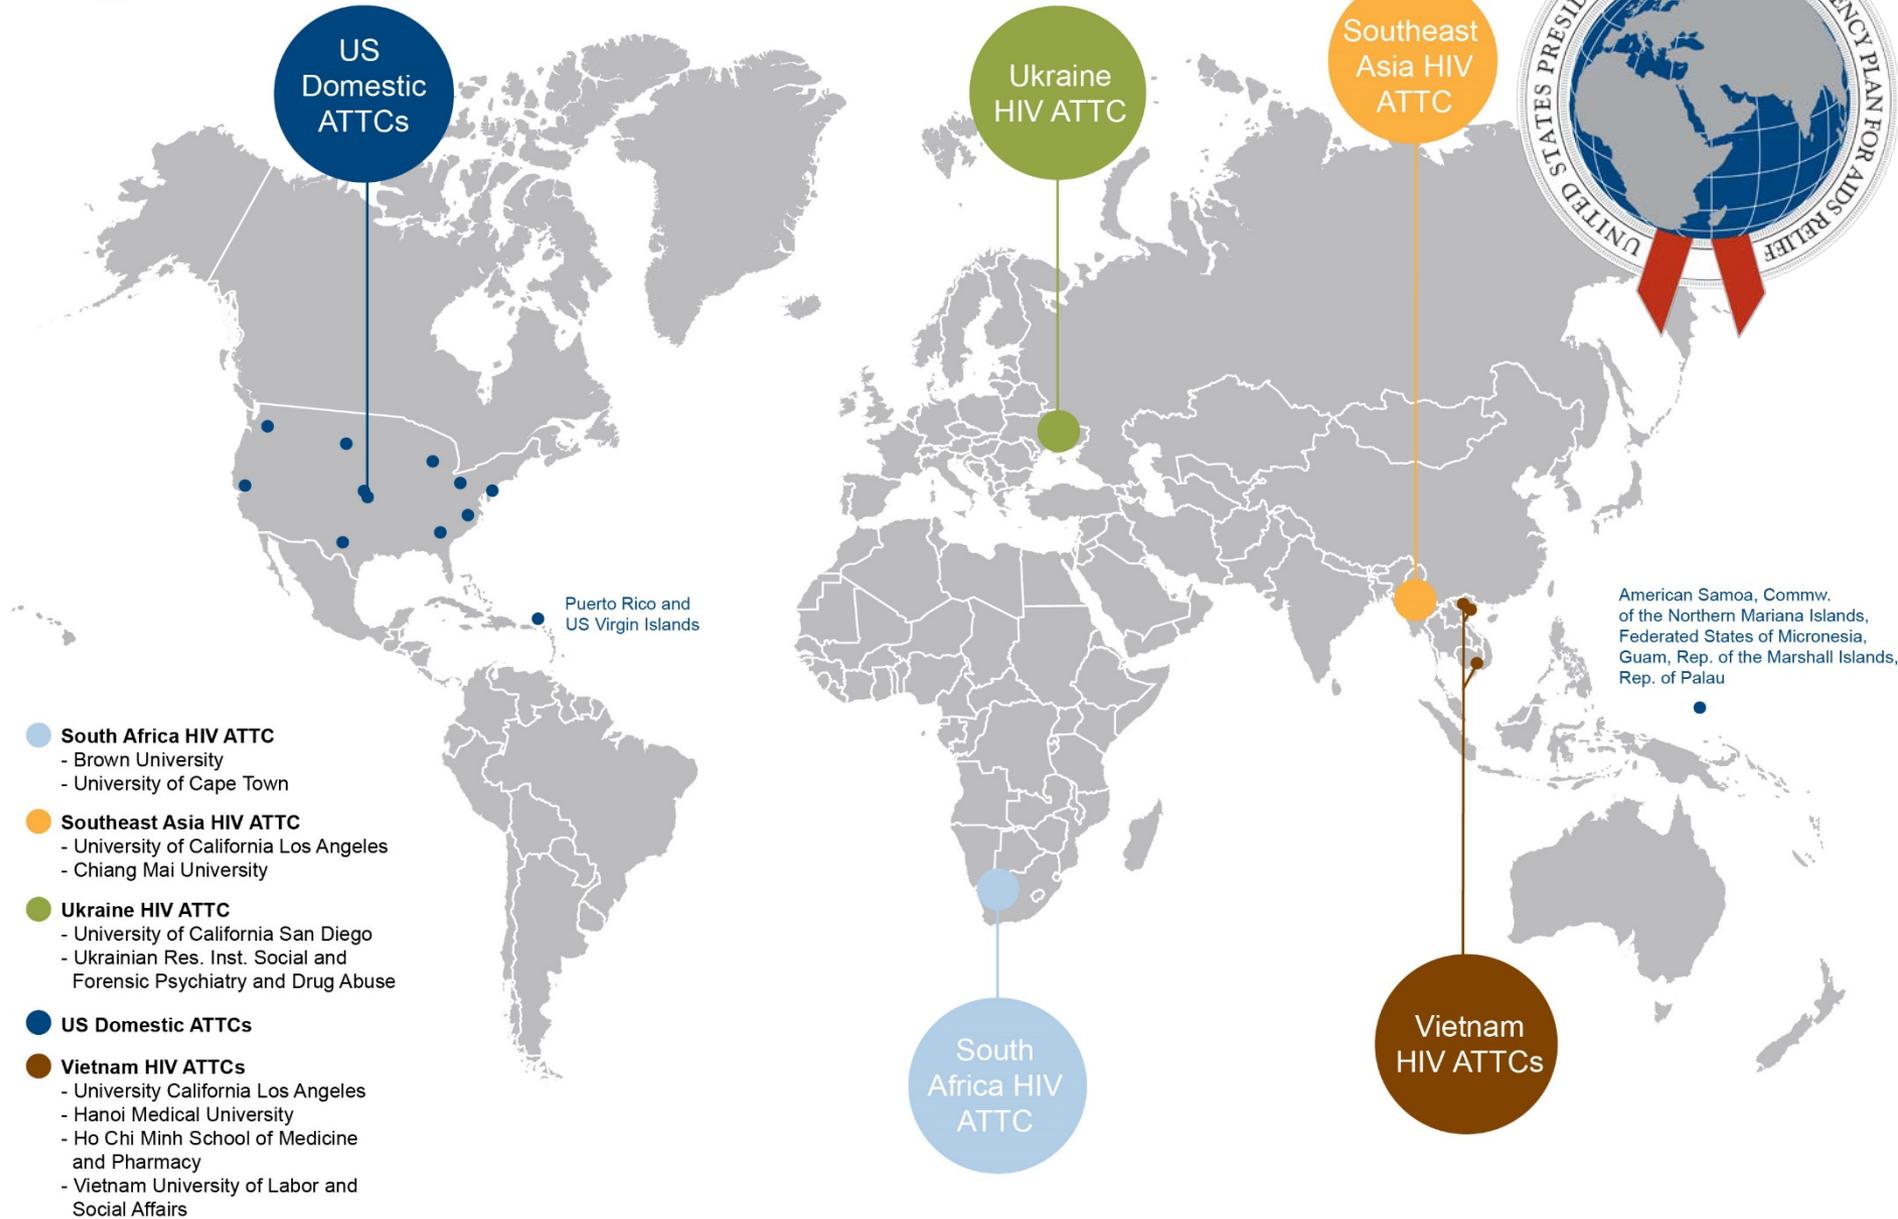

- Accelerate the adoption and implementation of evidence-based and promising addiction treatment and recovery-oriented practices and services;
- Heighten the awareness, knowledge, and skills of the workforce that addresses the needs of people with substance use and/or other behavioral health disorders; and
- Foster regional and national alliances among culturally diverse practitioners, researchers, policy makers, funders, and the recovery community.

International ATTC Network

- Since 2005, SAMHSA has worked with the Vietnam PEPFAR team to address HIV among PWID by enabling Vietnam to transform drug use from a public safety/criminal justice issue to a public health issue.
 - Currently, there are 3 HIV-ATTC sites in Vietnam.
- In September 2014, PEPFAR provided SAMHSA new headquarter funding for additional regional initiatives.
 - SAMHSA deployed 3 Regional Special Experts
 - SAMHSA established 3 new international HIV-ATTCs [Southeast Asia (covering 8 nations), Ukraine, and South Africa]
 - Through the HIV-ATTCs and other projects, SAMHSA provides training and technical assistance in-country
 - SAMHSA brings expertise in behavioral health to support and respond to PEPFAR needs.

Purpose of the ATTC Network

To accelerate the diffusion of innovations (e.g., evidence-based interventions for substance use disorders and HIV prevention), the ATTC Network uses a comprehensive array of **technology transfer** strategies.

Within the work of technology transfer, ATTCs take an expansive view of workforce development.

The image shows a screenshot of the ATTC website and a banner for a conference. The website header includes the ATTC logo, the text "HMU - Vietnam - HIV", and "Addiction Technology Transfer Center Network". Below the header is a navigation menu with links for "ABOUT US", "NEWS", "TRAINING/EVENT", "RESEARCH AND EVALUATION", "ONLINE COURSE", "RESOURCE", and "CONTACT". A search bar is also present. The banner below the website is for the "2nd CONFERENCE ON SUBSTANCE USE DISORDERS AND HIV IN VIETNAM" held in Hanoi, August 15-17, 2014. The banner features logos for SAMHSA and UCLA, and the text "VHATTC TRAINING - RESEARCH - ADDICTION TREATMENT".
